STATE OF NORTH CAROLINA
OFFICE OF THE GOVERNOR
RALEIGH 27611

JAMES B. HUNT, JR.
GOVERNOR

September 11, 1979

Dear Friends:

It gives me great pleasure to welcome you to the Annual Meeting of the North Carolina Public Health Association.

I want to congratulate each of you for your hard work for the people of North Carolina. We really appreciate your efforts in promoting public health. As you know, public health is one of my top concerns. We want to make sure that all our people get the proper health care they need.

We need more groups like the North Carolina Public Health Association to help encourage our North Carolinians to raise up a new generation of strong, healthy citizens.

You have my best wishes for a successful meeting.

My warmest personal regards.

Sincerely,

A large, stylized handwritten signature in black ink, appearing to read "J. B. Hunt".

Welcome to Asheville, wonderful Western North Carolina and the 68th Annual Meeting of the North Carolina Public Health Association! We eagerly look forward to this meeting throughout each year as a time to make new friends, visit with the old and cherished ones, swap experiences and knowledge, "see the sights", listen to our peers and some of the best professionals in the land. It is also a time of sober reflection - to evaluate the past, appraise the present and collectively chart our future in public health during the eighties. What we do here and now, either by commission or omission, can and will affect the lives of all North Carolinians for decades to come.

Our State has been blessed with good government for over two centuries and its concern for the health and welfare of its citizens has reflected this civic progress. Beginning with one of the earliest and embryonic State Boards of Health, the first full-time local Health Department in the nation, and, in 1909, the creation of NCPHA - North Carolina has led the way. Now is the time to rededicate our best efforts and activities to the safety, health and comfort of all our people. Remember, if you, or any of us plan to live through the night, to see tomorrow's dawn, we can't help but be environmentalists and deeply concerned with the community's health!

I would indeed be remiss in my duties were our sincere and heartfelt appreciation not publicly expressed to all those who made this year's most successful administration possible. Firstly, our deepest bows to the Officers, Executive Committee, Administrative Assistant and her staff, and my Western Regional Office colleagues and associates for efficient and effective teamwork far beyond the call of duty. Secondly to the Governing Council, Task Forces and Committees, Section Officers, Distinguished Speakers, Exhibitors. And finally, to you the membership and guests who made this annual assembly possible.

We hope you have a good and profitable time here in the mountains of the Blue Ridge; that fond memories of Asheville will linger for a long, long time and; at week's end, you return home in safety, happiness -- and good health.
