

# 1986 PROGRAM

## Environmental Health Section

North Carolina Public  
Health Association, Inc.

Holiday Inn - Four Seasons  
Greensboro, N.C.

September 17-19, 1986

## **PROGRAM NOTES**

### **“Environmental Epidemiology and the Sanitarian”**

**Dr. John I. Freeman, D.V.M., Presentor**

The field of Environmental Health is changing. Sanitarians are approached with a wide variety of new problems with public health significance every day. As presentor of this problem, Dr. John I. Freeman, DVM, will attempt to make sanitarians aware of the technical assistance available to them through the Environmental Epidemiology Branch of the Division of Health Services. How do you answer questions on lead, radon, formaldehyde, etc? Attend this session and find out.

### **“Swimming Pools, Whirlpools, and Spas”**

**Mr. Dennis A. Salmen, R.S., Presentor**

Do you have a water quality problem? As presentor of this program, Dennis A. Salmen, R.S., will discuss water quality problems and how to write regulations to address them. He will also offer information on the creation of a monitoring program.

### **“Mosquito Control and Disease”**

**Dr. Nolan H. Neweton, Presentor**

The mosquito is a proven disease vector of public health significance. As presentor of this program, Dr. Nolan H. Neweton will offer the most current information on mosquito diseases and mosquito control.
